September 14, 2009

Dear \_\_\_\_\_ :

Synchronized skating is a large and fast-growing team sport that consists of 8-20 skaters on the ice at one time moving as one flowing unit at high speeds. For a synchronized team to flow in unison, individual skaters must be competent at a variety of skating skills, including speed, footwork, and ice presence. The team performs a program containing required formations including circles, lines, blocks, wheels, and intersections that is set to music.

Chesapeake Synchronized Skating is designed to teach and promote synchronized skating. Our organization has been in existence since 2005. For the past several seasons we have fielded competitive teams and held beginner classes. The Topsail team is a beginner level team designed to introduce skaters to synchronized skating. The Skipjack, Sailor, and Admiral teams are more advanced synchronized skating teams. Their goals are to continue to learn and apply advanced synchronized skating techniques to be able to skate and compete at a national level.

In order to learn the skills necessary to excel in this sport, the teams practice once a week together and the skaters also practice on their own. Some of the many costs associated with this sport include fees for coaching and ice-time, competition entry fees, costume fees, and travel expenses to name a few. For many skaters, participation in this sport is limited due to the costs involved.

We are asking for your help. Any monetary contribution or gift in kind donation that you can make would be greatly appreciated.

We currently recognize our sponsors on our team website and provide links to sponsor web pages. We also offer sponsor advertising at our practice rink in Abingdon, MD. For more information on our teams and other advertising opportunities, please see attached sponsor application, visit our website at [www.chesapeakesynchro.com](http://www.chesapeakesynchro.com) , or contact Julie Kocur at 410-569-5916.

We are asking that all contributions be sent to the following address:
